Reach

Attract and extend your brand globally without the travel costs.

Safe spaces

All our spaces are COVID-Safe, with health and safety protocols in place. Both crew and presenters work at a sufficient distance from each other.

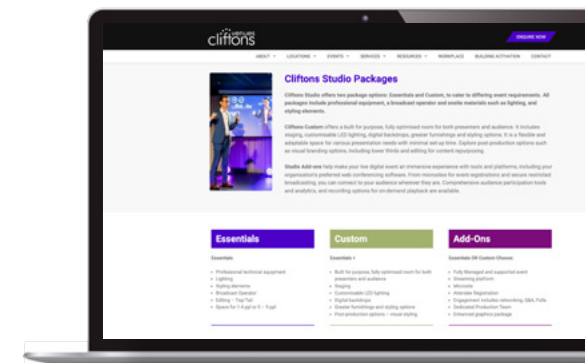

Get started

Every event starts with an understanding of your needs, who you need to reach and what you want to achieve. Our Studio event experts work with you to design the right setup based on your budget and requirements. We'll work with you to create a remarkable online event experience to achieve your goals.

Depending on your event size and technical needs, various packages are available to help you plan and execute your event with Cliftons Studio. You can create a wide range of engaging events from team briefings, product launches, multi-city conferences, and award dinners.

And, of course, if you've got unique requirements, our team can create a tailored proposal.

Your support crew

Ensure your event is a success with our team of digital event specialists. Our experts in live-streamed and pre-recorded events will help you plan and ensure attention to detail. From event planning guidance to production support and post-event reporting, you'll be given comprehensive support to ensure you achieve your goals.

Depending on your event size and needs, you can access skills including:

Production Manager

Your on-the-day point person/event concierge, running the Studio and coordinating all presenters.

Broadcast Operator

Your onsite tech sidekick for recording or streaming all your visual and audio. They'll also work with remote presenters to make sure everything seamlessly coordinates.

Technical Specialist

A tech specialist for complex video or audio presentation requirements.

Project Manager

Your event co-pilot manages everything from your initial briefing and event prep to post-event reporting.

Marketing Specialist / Graphic Designer

Optional support to give you marketing support, copywriting services, and design for integrated visual styling that supports your brand and corporate style guide.
