

CLIFTONS ESG SUPPORT GRANT

Empowering Events that Drive Positive Change

Helping you bring people together for impact,
inclusion and sustainability.

WHY CLIFTONS LAUNCHED THE ESG SUPPORT GRANT

At Cliftons, we believe that events are more than gatherings - they are catalysts for change. As part of our commitment to Environmental, Social, and Governance (ESG) values, we are proud to introduce the Cliftons ESG Support Grant.

This program has been created to reduce barriers for organisations that are driving meaningful initiatives in sustainability, reconciliation, diversity, inclusion, and community impact. Our grant reflects Cliftons' ESG promise: to actively support those who are shaping a more sustainable, inclusive, and equitable future.

By providing in-kind support in the form of subsidised venue hire, technology, and event services, we enable your ideas and missions to take shape in an environment designed for collaboration and learning.

IN-KIND SUPPORT THAT BRINGS YOUR EVENT TO LIFE

Recipients of the Cliftons ESG Support Grant will receive subsidies tailored to their needs, which may include:

Venue Hire Subsidy – professional event spaces in major Australian and New Zealand cities

AV & Technical Support – seamless delivery with high-quality technology

Event Design & Delivery Support – expertise in planning and logistics

Marketing & Communication Assistance – helping amplify your event's reach

Funding is always provided in-kind - ensuring that resources go directly into making your event possible.

DESIGNED FOR ORGANISATIONS CREATING REAL IMPACT

The Cliftons ESG Support Grant is open to:

Not-for-Profits & Charities advancing social, community, or environmental goals

Social Enterprises delivering measurable positive impact

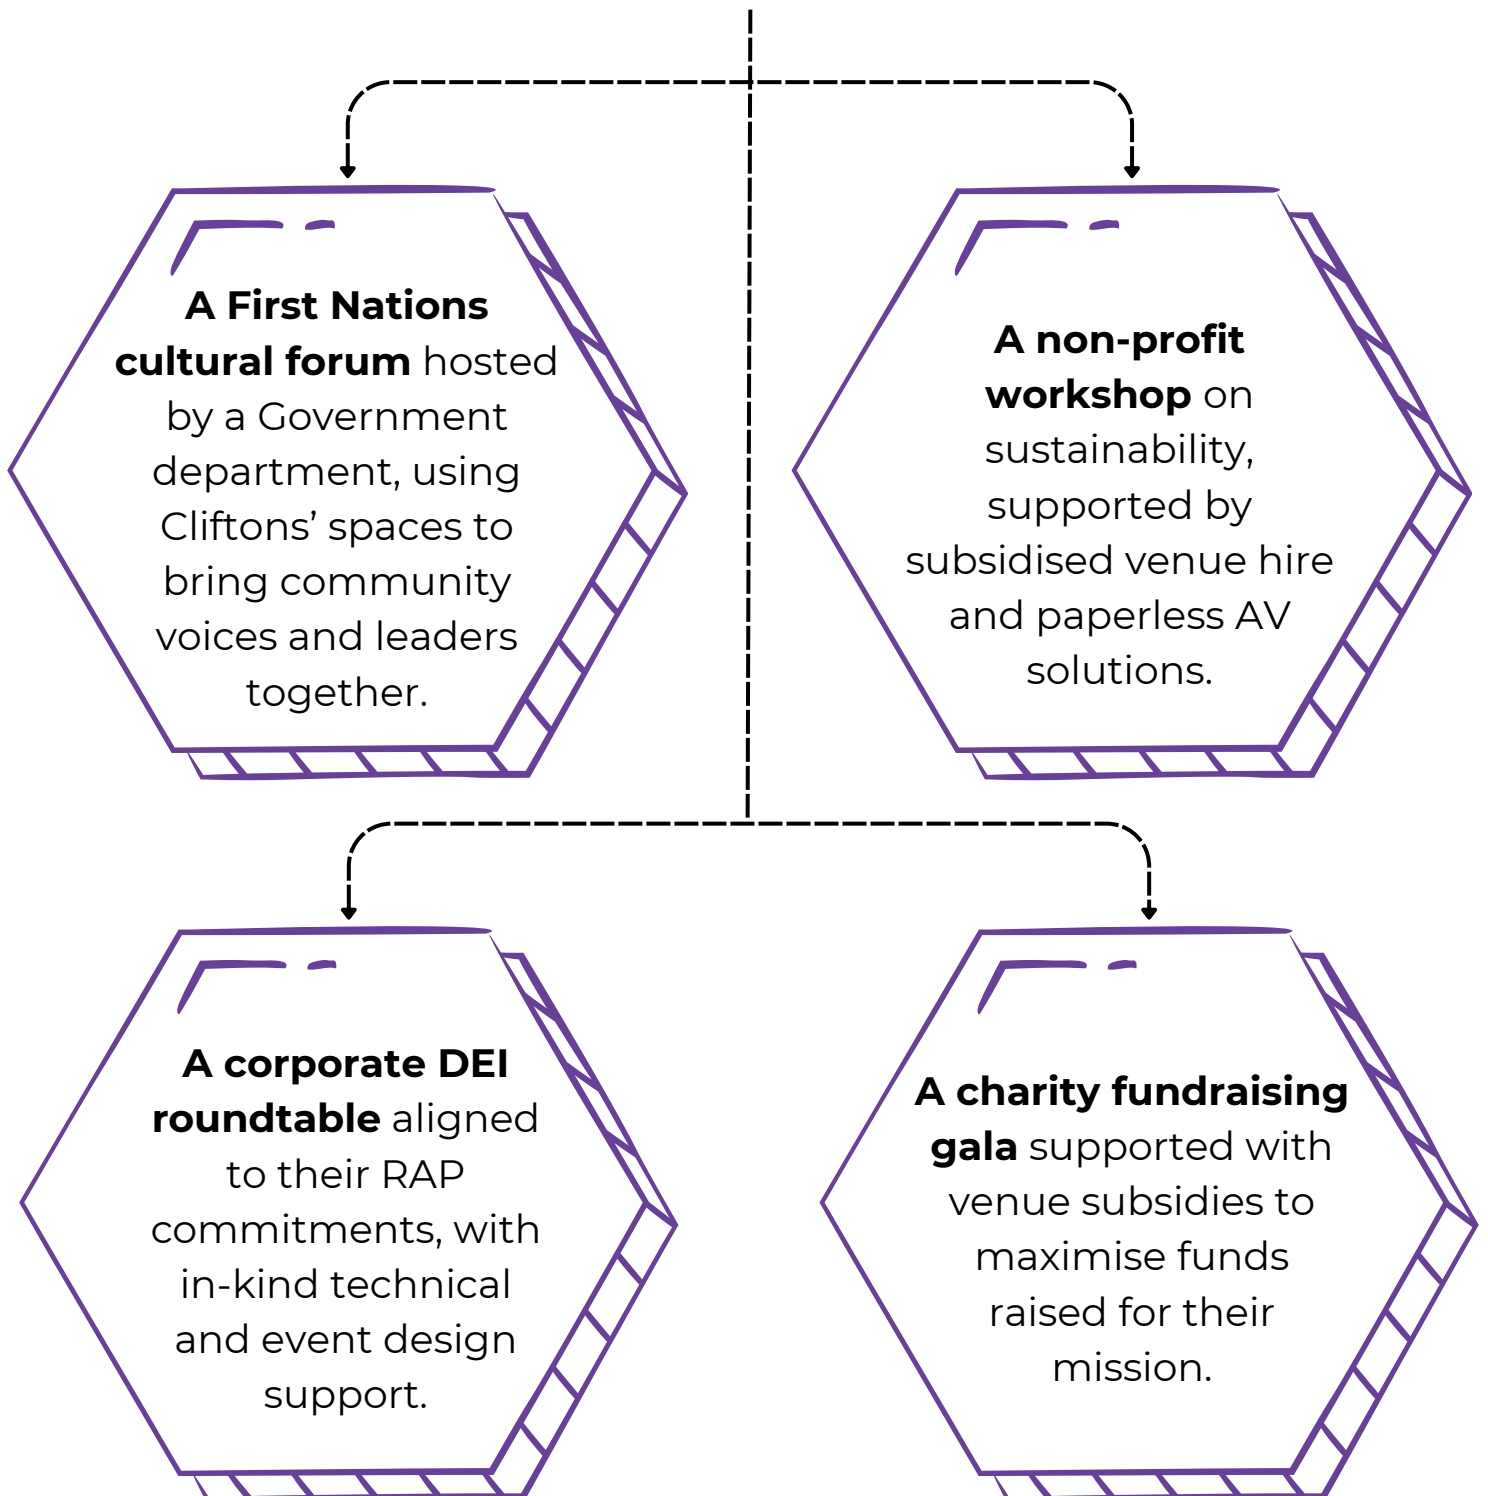

Corporate & Government Organisations with DEI, ESG, or Reconciliation Action Plan commitments

If your event aligns with our ESG values, you're encouraged to apply.
