

# TAKE YOUR GLOBAL EVENTS TO THE NEXT LEVEL

**Multiple locations, one partner**

Worldwide in-person, virtual and  
hybrid event delivery services

A woman in a yellow top is shown in profile, holding a tablet and pointing at a glowing digital interface. The background is a collage of various images related to technology, business, and global communication, including people working, data visualizations, and futuristic designs. The overall theme is global connectivity and event management.

## SEAMLESS GLOBAL EVENT MANAGEMENT

**Planning international events can be time consuming:** searching for suitable venues, sourcing event technology and dealing with a myriad of suppliers across multiple time zones. But it doesn't have to be that way.

Cliftons can streamline the planning of your worldwide or multi-city events. Whether face-to-face, virtually via our integrated event platforms or a hybrid of the two, we help you to create and host exceptional corporate events with one point of contact.
